

Literacy Alliance Volunteer Newsletter

November 2018

From the Director's Desk

Pittsburgh happened. I am afraid for our nation. I believe that the best thing anyone can do is to help others. Do what is right by them. Do they need shelter? Do they need money? Can we change their path by helping them learn to read, write and do math more confidently? You may never know what impact you have on someone's life, but you can sleep well if you know in your heart, you have done what is right by them.

Not everyone is meant for college; not everyone is meant for desk jobs. But everyone deserves the opportunity to find what is good and right for them. The more basic education a person is exposed to the more choices he/she will have.

Thank you for choosing to impact someone's future!

Year after year community members and organizations team up to fight illiteracy in our community. This event raises awareness for one of our most vulnerable groups and give them more opportunities not other wise available. Contact our office or check out the website, to learn how can a team of four people have a great time while positively impacting your community!

Doors will open at 6pm for teams to set up and the game will begin at 7pm.
